

ARSON ADDED TO ASSASSINATION

Hotel of Capt. Ewen, Chief Witness Against Jett, Burned to the Ground.

AN OLD STORY OFF REPEATED IN BRASSITT COUNTY.

Two Employees of Hargis Bros. Arrested and Identified.

Jackson, Ky., June 14.—The City Hotel, a three-story building owned by Capt. B. J. Ewen, the principal witness against Jett and White, now on trial here for the assassination of Lawyer J. B. Marcum, was burned to the ground early Sunday morning. There were fifteen guests in the hotel, but all escaped without injury. There was no insurance on the structure, and the hotel together with its furnishings and the effects of the guests, is a total loss.

Capt. Ewen had recently put up an addition to the hotel. This was just completed and was as yet unoccupied. It was in this part of the hotel that the fire was discovered. Jackson has no fire department and when the citizens were aroused by the firing of pistols and guns, much excitement prevailed. A detachment of militia came on the scene quick from their camp across the river and rendered valuable aid in assisting the guests to escape and preventing the flames from spreading.

Capt. Ewen has been kept at the camp of the militia since he testified last Monday that he saw Curtis Jett fire the shot which killed Marcum. Nobody was seen to leave the hotel before the fire broke out, and it was only two days ago that Jackson was put under martial law. The fire has caused renewed apprehension.

INTIMIDATION INTENDED.

The burning of Ewen's Hotel is not only considered as incendiary, but also as accessory to the other acts of intimidation in connection with the pending trial of those accused of the murder of J. B. Marcum who was the attorney for contestants for county offices now held by leaders of the faction with which the defendants were identified. It has been openly predicted that there would be the flashing of incendiary warnings, that arson would go along with assassination, as disciplinary measures might be needed in Brassitt county. It is now stated that other witnesses for the Commonwealth were not property owners, but that the jurors, who are farmers, and witnesses who could not be found when detachments of troops were trying to bring them into court, are property owners. The burning of Ewen's property has not only caused renewed fear for both life and property, but also increased the general doubt of a conviction in either of the pending cases.

ARRESTS MADE.

Gray and Jim Haddicks and Jerry Lantz, workmen at the Swann & Day lumber yard, reported having seen Joe Crawford and Ed Tharp, wagoners for the Hargis Brothers, come across the bridge and return just before the blaze was discovered, and Maj. Allen ordered these men arrested. They were taken into the military camp by the soldiers and manacled in the guard-house. Gray Haddicks was detained by the provost guard as a witness.

Soon the Hargis people were active. They sent attorneys John D. O'Neil, of Covington, and B. B. Gold, of Barbourville, defending Jett and White, and swore out writs of habeas corpus before Judge Redwine, making them returnable at once.

They were not successful in this, but Judge Redwine decided to admit the prisoners to bail in the sum of \$3,000 each. Judge Hargis and Sheriff Callahan agreed to sign their bonds, but at the last moment changed minds and the men were taken prisoners inside the military lines.

NEWS IDENTIFIED.

The Haddicks boys and Lantz fully identified the men, and it is claimed some members of the Ewen family saw them come out of the house. It is supposed they watched their opportunity and while the family were in the dining room, rushed up the back stairway and threw a lighted torch or ball of rags saturated in oil in the garret and then made their escape.

The burning of Ewen's house ful-

fills in part the threat made by the man whom Ewen says called at his home last Saturday a week ago and offered to bribe him by giving him \$5,000 if he would alter his testimony, which was damaging to Jett and White.

The plan in firing the hotel, it is believed was to assassinate Ewen, as it was conceived that he would break out of camp, where he was sleeping, when he learned that his house was burning, and run through the town, when men, stationed along the route, could pick him off from the windows of houses. Ewen was detained in camp by the militia, Maj. Allen fearing such a scheme might have been hatched, and ordering him held until the militia had made a full investigation.

There have been 14 residences and stores owned by Cardwell-Cockrell sympathizers burned in Jackson since 1900, two and a half years ago. Subscriptions have been started in Louisville and elsewhere for the relief of Capt. Ewen and family.

CALLED HIM A WHELP.

Governor of Indiana's Trouble With Jacksonville Storekeeper Still in Court.

A special from Indianapolis says: Governor Durbin has gone to Washington to look after some business matters incident to the legal controversy in which he became involved at Jacksonville, Fla., as the result of his closing a store or canteen conducted near the quarters of his regiment while encamped there during the Spanish-American war.

The suit against the governor, which was decided in his favor a few months ago, has been appealed, and will be heard in the federal court at New Orleans at an early date. The governor's visit to Washington at this time is to see the officials of the war department in regard to furnishing him with an attorney for the new litigation.

The governor's troubles growing out of the Jacksonville affair are seemingly without end. The first suit against him for damages for closing the store was decided adversely, and the storekeeper was given a verdict for \$300. The governor paid this promptly as the easiest way out of the difficulty, but the storekeeper at once brought another action for personal damages, claiming that the governor had mistreated him and reviled him.

Among other allegations, he charges that the governor called him a "damn whelp" repeatedly, and instructed the guards stationed around the store to run a bayonet through the proprietor and bring him to headquarters if he attempted to sell any more stuff to the soldiers. The governor admits calling the man a "whelp," but he denies that he embellished the epithet with any profanity, and as for the order to the guards, the governor says he certainly did not want to toast or broil the sutler for breakfast, and would have no reason for wishing him spit on a bayonet.

It will not be necessary for the governor to make the trip to New Orleans when the appeal comes up, as the appeal is made on a legal technicality merely, and his attorneys can look after his interests.

Belled Buzzard Caught.

Hopkinsville, Ky., June 16.—Jack Martin, of Larkin, this county, has captured a belled buzzard. The bell was made from a small tin can, in which a rude clapper had been fastened, the bell being strapped tightly around the bird's neck. Where it came from is a mystery.

COMMITTED SUICIDE.

David Nisbet, of Evansville, Killed Himself Saturday Afternoon in That City.

CHANGED MAN SINCE WIFE'S DEATH.

Was Formerly Head of the Wholesale Firm of Mackey-Nisbet & Co.

(From Sunday's Evansville Courier.) David A. Nisbet committed suicide in the Whittemore apartments in Water street Saturday afternoon at 4:30 o'clock.

There are indications that he contemplated the act, at least for a few hours before the deed was committed. Since the death of his wife, five years ago, Mr. Nisbet has never been the same man. His despondency grew on him until, it is believed, it resulted in insanity and suicide. How long he was possessed of this monomania of self-destruction is not known, but it reached its culmination Saturday.

A man devoted to home, its loss naturally affected him deeply. It oppressed him until at length his whole nervous system was shattered.

One of the men who brushed against him, felt a revolver in his hip pocket. He attempted to take it away from him but Mr. Nisbet said he only carried it when he was traveling and that he would put it in his grip when he went to supper.

A short time before his death Mr. Nisbet sent a note to one of his former business associates. He laughed and joked with the messenger boy who answered his call and gave him a dollar when he left with the note.

SUICIDE WAS UNEXPECTED.

Shortly after 4:30 o'clock Mr. Nisbet walked to the rear of Mr. Whittemore's place of business. No attention was paid to him as it was supposed he would return in a few minutes. Instead of going out of the building Mr. Nisbet climbed the rear stairway to the second floor of the building. He met Mr. Whittemore, Sr., in the hallway and told him he desired to lie down for a short time. Mr. Whittemore showed him to his son's bedroom and told him to rest as long as he desired. Mr. Whittemore then left the building and paid no more attention to his guest.

STARTLED BY A SHOT.

Mr. Nisbet had been alone but a few minutes when those in the lower floor of the building were startled by a loud report. A rush was at once made for the upper floor. When they entered Mr. Whittemore's room they saw Mr. Nisbet lying across the bed. A hurried investigation showed that there was a bullet wound in his right temple. A revolver was lying by his side.

Dr. Powers was at once notified and he arrived a few minutes later. He made an examination and found that life was extinct.

Coroner Walling was then summoned. He took charge of the remains and ordered them sent to Smith's undertaking establishment.

Captain Grammer, the brother-in-law of the suicide, arrived before the body was removed. He took charge of the remains. After leaving Cleveland, Ohio, two weeks ago, where he had been for some time with his sister Mrs. Grammer, Mr. Nisbet went to Chicago. From there he went to St. Louis and from that city took a train to Evansville, arriving here Friday.

Mr. Nisbet was born in Madisonville, Ky., Sept. 23, 1868. His full name was David Alexander and was the oldest child of

W. F. Nisbet, formerly of Mackey, Nisbet & Co. The family moved to Evansville, in 1882 and the deceased lived here until a little over a year ago.

Mr. Nisbet was taken into the employ of the Mackey-Nisbet Co. shortly after he had graduated from Lincoln University, at Lincoln, Ill. He acted as buyer until the death of his father, when he became the head of the family. He was made a partner in the firm after his father's death and continued to act as buyer until the firm was incorporated under the name of Mackey-Nisbet Co. in 1893. He was elected first vice-president and buyer and continued as such until 1897, when he was elected treasurer of the corporation and served until May of 1902, when he disposed of his interests in the concern, and went to Cleveland, Ohio. He was at one time on officer in the Louisville & Evansville Packet Co., but had also disposed of his river interests. He was also instrumental in bringing the Tennessee Store Works to this city from Nashville, which afterward became insolvent.

He married Miss Mary Bransford, a prominent young lady of Owensboro, Ky. She died about five years ago. No children survive them.

He leaves five brothers and three sisters as follows, Sam B., Edward A., Robert K., Frank W., of Madisonville, Ky., and A. G., of Chicago; Mrs. G. J. Grammer, of Cleveland, Ohio, Mrs. Tarascon, of Ridgeway, near Nashville, Tenn., and Mrs. Holman, of Madisonville, Ky.

The remains will be removed to the home of Edward A. Nisbet in Chandler avenue this morning. The funeral will occur from there Monday morning at 9 o'clock and will be in charge of La Valette commandery. The interment will be in Oak Hill in the family lot.

Mr. Nisbet was at one time an officer in the First Cumberland Presbyterian church. When in the city he attended the services there. His parents were among the leading members of the congregation during their life time. Mrs. Nisbet being especially beloved by all members of the church.

WILD WEST SCOUT AND HIS THRILLING SHOW AT STATE FAIR.

It Will Be One of the Big Free Attractions at Owensboro in September.

The Directors of the State Fair, which will be held at Owensboro in September, are not only working hard to secure a successful distribution of the \$20,000 cash premiums for live stock, agricultural and domestic exhibits, but they have a keen eye as well to the amusement features and are now engaged in arranging a highly interesting programme, which will be announced from time to time, as it is completed.

The first big attraction settled upon is the famous "Broncho John's Wild West Show." It will be free to all who attend the Fair.

As a scout of the plains, "Broncho John" has a place in the history of Indian warfare, and in a startlingly realistic manner he and his band of scouts and Indians will hold up stage coaches, "bust wild bronchos" and give a sham battle between a lone scout and a band of redskins, the scout using his pony as a breastwork.

There will also be automobile races, professional and athletic games, a race between an ostrich and a horse, and a score of other things.

STRIKE INSURANCE COMPANY

May be Formed on Lines Suggested by Louisville Gentlemen.

The effort to organize a strike insurance company is taking tangible form, says the Courier-Journal. Mr. F. C. Nunemacher, the chief promoter of the project, returned yesterday from Indianapolis, where he was in conference with President D. M. Parry and other officers of the National Manufacturers Association. Each professed a deep interest in the plan, and a willingness to enlist in projecting a company.

Mr. Nunemacher will go East next week for the purpose of bringing about a material result from the general expressions of approval of his scheme. He has been in correspondence with Eastern capitalists, and the outlook for the actual formation of a company is bright. The general view of the project is best shown by the attitude of insurance agents. Requests have been made by them in all portions of the country for the right to represent the proposed company.

WEST POINT

About Determined Upon as Army Camp Site.

Frankfort, Ky., June 12.—Adj. Gen. Murray this afternoon received a telegram from Adj. Gen. Wagner, United States army, Department of the Lakes, Chicago, stating that West Point, Hardin county, had about been determined upon as the camp site for the annual maneuvers of the regulars and the Kentucky State troops in October next. The Adjutant General asked for information as to the number of Kentucky troops to participate and an estimate of the cost of moving them to the camp. Adj. Gen. Murray will secure and supply this and other information at once.

Dawson Springs is Now

a Presidential Postoffice.

In a published list of postoffice appointments and changes just made at Washington, Dawson Springs appears in the list of presidential offices. The change takes place July 1 and the salary of the postmaster is fixed at \$1,200. Mr. Will P. Scott is the postmaster at Dawson and is planning to build a new brick postoffice and put in complete equipment for a modern office. He is now temporarily quartered in the store of Day Bros., having recently moved out of his drug store in the corner of the Arcade hotel property.

A Baby Born on a Passenger Train.

Henderson, Ky., June 11.—When train 91, L. & N., south-bound, due here at 10:16 p. m., arrived last night, there was one passenger more on board than the conductor's tickets called for. The passenger in question was a small bit of humanity whose knowledge of the world was extremely limited, but who had started traveling at an exceedingly tender age.

The youngster was the little boy of Mrs. Albers, of St. Louis, and was born only a few minutes before reaching this city. Mrs. Albers is a sister of Mr. T. G. O'Keefe, of this city.

A Modern Marvel.

The recording telephone is an invention of Herr Poulsen, a Danish electrician. The "telegraphophone" is an instrument which automatically sets down the words of the speaker, leaving a permanent record, which may be reproduced at will. The invention was recently on exhibition and tested satisfactorily before the Institute of civil engineers.

GUN CLUB NOTES.

There was a little excitement at the grounds when Renfrow and Morgan were shooting off the tie.

Jno. X. has ordered a new gun and is sure he will wear the medal next Thursday.

Frank Arnold buys a new gun every shoot. Bring it out, Frank, we would like to see it.

Keown says Barter got Morgan a better gun than his. He can't break 19 with his.

Cal Martin says he is due to wear the medal next week.

Charlie Robinson still fudges on them.

Harry Withers was beginning think himself somewhat of a shot. Harry broke four last Thursday. Wonder what he thinks now?

Harris Simons took his wife out last Thursday to show her how he could break them. Harris got ten. Come again that is not bad for a starter.

Dr. Johnson was out Thursday and surprised himself by breaking seven.

Ugly to Sure.

In a mining town in the mountains of Virginia lived two little chaps aged eight and nine years, neighbors and good friends, who passed most of their leisure time together in boyish sports, but, like all healthy boys, they sometimes "scrapped."

On one of these occasions the younger one, who was built on the lines of the proverbial man who could not stop a pig in an alley, was being twitted by his companion on his bow legs.

He stood it manfully for a while, but finally losing patience he blurted out:

"Well, I may be bow-legged, but when the Lord made you, He made you as ugly as He could, and then hit you in the face."—Lippincott's.

Quick With His Gun.

(Summers Hornet.)

On last Tuesday old man Billy Farmeton, in a heat of passion, frothing at the mouth like a mad dog, rushed up to Buck Burton and called him a "gol-darned liar," and at the same time reached in his hind pocket to get his handkerchief to wipe the sweat of anger from his brow. The testimony at the examining trial showed that Uncle Billy succeeded in getting the handkerchief half way out of his pocket, which we consider pretty swift moving for a man of Uncle Billy's age. Funeral largely attended.

Christian County Racers.

Edited by a White Ribboner.

On the Streets at Midnight.

I stood on the streets at midnight,
Where the crowds surge to and fro;
Tossed high on life's storm-swept ocean.

As the billows come and go,
There many soul-fighted vessels.
On the waters dark and swift,
Are wrecked, and on a city pavement.

To gulfs of death they drift.

CHORUS:

Oh, many a soul has perished,
As the life-tides ebb and flow;
For many a bark is shattered,
On the reefs of sin and woe.

I look on a drunken father,
Who goes reeling to his home,
Where suffering wife and children,
Sadly wait for him to come.
Their pleading is unavailing,
As they sink in the waves below,
For men in their boisterous revelry,
Cast their votes to make it so.

CHORUS:

I see a heart-broken mother,
With her white face and tears;
She seeks for the boy she cherished,
So proudly in by-gone years.
Yes, once so bright, are withered,
By the rum-power's curse and blight,
For fast her loved boy is drifting,
To the coast of endless night.

CHORUS:

Sir Henry Thompson, the highest authority in the world on the subject, says that alcohol, so far from aiding digestion, only obstructs and retards it. His book, "Diet in Relation to Age and Activity," is one that everyone should read.

Whisky never put a great thought into a cheap man's head, and it never helped a great man to a thought that he might not just as well have arrived at without the whisky.

That whisky makes men talk there is no doubt, and there are many who will be able to recall times in their lives when they would have given anything in the world not to have talked so much at a certain time and place while they were under the influence of liquor.—Hearst's Chicago American.

Mrs. Balch's dates after leaving Earlington are at Hanson, Saturday and Sunday, June 20 and 21, and at Neko, Monday and Tuesday, June 22 and 23.

There will be an afternoon and an evening meeting at each place and at the evening meeting a collection will be taken.

On Wednesday, June 24, a county convention will be held at Madisonville in the Christian church, beginning at 10 a. m., and closing with an evening session.

Mrs. Balch is admirably fitted for the work in which she is engaged. She is logical, tactful and most womanly. Broad in judgment and courteous so all, she is a representative woman of whom Kentucky may well be proud.

FIVE HUNDRED DROWNED.

Heppner, Oregon, Almost Entirely Removed from the Map By a Cloudburst.

THE BODIES LOGGED IN THE RIVER.

Many Persons Dashed to Death Against the Rocky Bluffs—News of the Disaster Collected by Messenger—Huge Logs Loosened by the Waters.

Portland, Ore., June 16.—The town of Heppner has been almost entirely destroyed by a cloudburst, and probably five hundred people drowned. Heppner is the county seat of Morrow county, and has about twelve hundred and fifty inhabitants.

The most reliable reports state that the loss of life will be at least five hundred, though the number of it is probably larger. All the telegraph and telephone lines are down, and no accurate information can be secured. A report from June 17 miles from Heppner, states that 300 bodies have been recovered. A messenger who arrived at June states that a wall of water 50 feet high rushed down into the gulch in which Heppner is situated, and carried everything before it. The flood came with such suddenness that the inhabitants were unable to seek places of safety and were carried down to death by the awful rush of water.

Residence Section Destroyed.

Almost the entire residence portion of the town was wiped out, but some of the business part, which is on higher ground. Huge boulders weighing tons were carried down by the current and many people killed by being dashed against the rocky bluff.

Later a heavy rain storm set in, and many of the small streams overflowing their banks in a considerably short time. Bridges were swept away like straws, and the darkness of the night soon made the situation most appalling.

As soon as possible after the terrible flood subsided the work of relief was commenced by the citizens of the town. Dozens of bodies were found lodged along the bends of the stream, and in several places they were piled over one another. Up to two o'clock Monday afternoon 200 bodies had been recovered within the city limits. The buildings which were not carried away were moved from their foundations or toppled over.

News Sent by Courier.

News of the calamity did not reach the outside world until Monday night, although it happened Sunday night, all the means of communication being cut off. As the only possible news was sent by courier to the nearby towns and neighbors looking to the relief of the stricken people.

Fifteen buildings in the town of Lexington, nine miles below Heppner, on Willow creek, were washed away, but with no loss of life, the inhabitants having time to save themselves from the surging torrent.

At June 17 miles, considerable damage was done to buildings, though no loss of life is reported from there.

Word has been received here from June that 300 coffins are needed at once at Heppner. The weather is hot and it is necessary that the dead should be buried at once. One hundred coffins were sent on the Oregon Railroad and Navigation company's train, and 100 more will be sent from The Dallas and Portland.

WATERS SLOWLY RECEEDING.

Flood Conditions at St. Louis and Surrounding Territory Gradually Getting Better.

St. Louis, June 16.—The flood waters are lowering, not rapidly, but steadily every day now, making improvement in conditions. It will be several days before they get below the danger line, but each day sees that goal nearer.

The railroads are hustling to get things in shape to resume traffic eastward at the earliest possible moment, and some of them—the Vandalia, the Baltimore & Ohio Southwestern and the Louisville & Nashville—are already sending trains across the Eads bridge.

Work trains on all the roads are following up the receding waters and repairing wrecked roadbeds.

Passengers for the Big Four, the Chesapeake & Alton and the western lines of the Burlington are still taken to Alton by boat to connect with trains running from that point, but it is believed that in a very few days full service from Union station in this city can be resumed.

EAST SIDE STREETS OPEN.

Mississippi River Falling Rapidly at St. Louis and Points Above the City.

St. Louis, June 16.—The water has fallen over three feet below its highest point in East St. Louis. All the paved streets south of Broadway covered since Wednesday, are open.

MINING NOTES.

Speaking of the strike situation in West Virginia the Black Diamond says that as a matter of fact the trouble in the New River region is a strike in name only and that most of the operators continue their usual work without interruption.

The owners of Hillsdale, Oakdale and Dovey mines on the Illinois Central railroad, in Mulhenny county, are reported to have incorporated under the laws of North Dakota in a new company with a capital stock of \$600,000.

The vanes of the No. 9 fan were renewed last week.

Civil Engineers Rash and Long are preparing the site for the electric plant at No. 9 mine.

The grading and surface work for the new Barnsley tipples is nearing completion.

A steam hammer installed in the Arnold mine shop will greatly facilitate the heavy class of work at that place.

The finishing touches were added to No. 11 office this week and the local scenery of that section greatly enhanced.

The carpenters have just about finished a large stable, a good office and crib at Arnold mine. The stable is a model one and is the special production of Messrs. Toombs and Corey who carefully studied every detail of modern convenience.

During the discussion of another strike in the anthracite coal fields last week a colorful delegate, William Tarr, of Shamokin, arose to protest against Secretary Hartlein talking strike.

"We've had enough of strike; we've had our belly full of it," he declared. "What we're here for is to avoid a strike. We're not looking for bother."

Tarr was interrupted frequently with cries of "Put him out" and the like, and when he had been induced to subside, a delegate arose and formally made a motion to eject him from the hall. President Mitchell smiled and went on with the business.

Miss Wilson Killed at Roberts by Falling From Her Wheel.

Miss Hattie Wilson, of Roberts, Ky., a young lady 24 years old, while riding her wheel last Saturday caught her dress in the chain and was thrown violently to the ground, striking on her face and side. She at first appeared to be only slightly injured but was afterwards discovered that she was injured internally. Miss Wilson died from the effects of the fall Tuesday. Mrs. N. L. Toombs and Miss Annie Ashby, of this city, were related to Miss Wilson and went to Roberts Tuesday to attend the funeral.

Spyer-Dowden.

Mr. George Warfield Spyer and Miss Elizabeth Meade Dowden were united in marriage at the residence of the brides parents in Louisville Tuesday, June 18th. Mr. Spyer is law agent for the L. & N. R. and a rising young lawyer. The bride is one of the best families in Kentucky and has a host of friends. The BEB extends hearty congratulations. Mr. and Mrs. Spyer will make Madisonville their future place of residence and will be at home to friends after July 1st.

Between Two Freight One Mile South of Crofton.

No. 61, engine 900, south bound, and extra 901, north bound, met on the main track one half mile south of Crofton Wednesday morning about 9 o'clock. No one was injured. No. 61 was in charge of Conductor Wise and Engineer Stotes. Extra 901 was in charge of Conductor Marvin Padgett and Engineer Tom Gilman. The accident occurred on account of No. 61 overlooking the order to meet extra 901 at Crofton. The track was only slightly damaged, two cars derailed and the front of engine 901 stove in. The wrecker from Earlington was ordered and was speedily on the scene, repairing the damage and removing the wrecked cars. Traffic was not seriously delayed.

An Entertainment.

The ladies of the Southern Methodist church will give an entertainment at the Temple Theatre at this place, Friday night, June 20th. The entertainment is being made for this event and already the members are rehearsing their parts. The proceeds will be given to the church and the entertainment should be well patronized.

Christian Church Services.

Rev. W. B. Jinnett will begin his labors in this city, as pastor of the Christian Church, next Lord's day. All members of this congregation are urged to be present; and all the friends of the church and the public generally are cordially invited to attend the services of the church. The Sunday School meets at 9:30 a. m. The Lord's supper at 10:30 a. m. and preaching at 11:00 a. m. The sermon next Lord's day will be of special interest to all who have the welfare of Christ's cause at heart and all who attend the service will be heartily welcomed.

The Ault Came Back.

Wednesday morning Charlie Curtis was awakened from the arms of Morpheus by the baying of an orphan male. He arose in his wrath and night clothes to ascertain the cause of the incessant baying and discovered his mule that Julius Coenen and Henry Rodgers had driven to Rumsey a few days before had returned. It is a well known fact that some animals cannot stand the odor of cooking fish, and it is supposed the constant smell of frying fish at Rumsey so disgusted him he broke loose and came home.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newson, Decatur, Ala. "For three years" she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was directed to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For liver, kidney, stomach and bowel troubles Electric Bitters is the only medicine. Only 25 cents. It's guaranteed by Dr. Bernard Drugg Store.

A GREAT OFFER.

Louisville Times and Weekly Courier.

Journal Six Months, and The Bee

One Year For Only \$2.00.

The Louisville Times and Weekly Courier-Journal are making an unprecedented campaign subscription offer—both papers six months for \$1; to separate addresses if desired.

As the regular price of The Times for six months is \$3 and that of the Weekly Courier-Journal \$6, this offer gives \$3.50 worth of newspapers for a dollar bill; which ought to put the two papers in every home in Kentucky.

And to show that THE BEE can be as just as liberal and enterprising, we have joined in the combination and will send THE BEE for a year, along with the other two papers for six months, for \$2; thus giving \$4.50 for \$2.00. All at a different address, as desired. "Now is the time to subscribe." All subscriptions must be sent to this office.

THURSDAY, JUNE 18, 1933.

EDITOR JOHN G. BERRY, of the Uniontown Telegram, has issued an illustrated industrial edition of his paper that is creditable and unique. It is well printed and handsomely illustrated and shows up the home town in strong light. The unique feature of the edition is that not an inch of display advertisements appears on its pages.

The Louisville Herald continues to improve and to gain favor with the public as a progressive, able journal. Editor Young E. Allison is dividing honors with other leading State dailies whose editors have been intimately known by the public for years. Mr. Allison's editorials absolutely sparkle with wit and his intimate knowledge of Kentuckians and Kentucky affairs is in evidence in every line.

A FUND has been started for the relief of Capt. B. J. Ewen, whose honest testimony in the Marcum murder case has made him the mark for house burners, and whose hotel was burned by incendiaries, leaving him almost destitute. Responses have been encouraging and it appears that the movement for Capt. Ewen's relief may gain such proportions as to be substantial in results. The Courier-Journal and the Evening Post are receiving subscriptions to the fund.

Hopkinsville Man Suicide in St. Louis.

St. Louis, Mo., June 16.—S. C. Mercer, Jr. thirty-five years old, of Hopkinsville, Ky., committed suicide by taking carbolic acid in a sanitarium here, John Martin, a nurse at the institution, discovered that Mercer was dead about 7 o'clock yesterday morning.

Mr. Mercer was a son of S. C. Mercer a veteran journalist of Hopkinsville.

A Good Record.

S. N. Zentmeyer, the veteran engineer of the C. & M. V. R. R., will retire in August from active service. He has ridden 2,000,000 miles over that system, or eighty times around the world and is seventy years of age, still hale and hearty. He went into the employ of the C. & M. V. March 10, 1856. He ran a yard engine in 1857; extras in 1858, freight until 1873, passenger to present time. Mr. Zentmeyer has witnessed the gradual increase in business and the gradual betterment of the modes of travel by steam during this time. He has kept pace with the times and is today as good an engineer as ever pulled a throttle. He has been in four collisions, one head-end, one rear-end and two derailings, and has escaped each time without injury.

ELKS MEETING.

Lexington is full of delegates Who Are Doing Well Entertained.

HAPPENINGS IN KENTUCKY.

W. C. Rice, of Kuttawa, is to be cashier of a bank that has been organized to do business on a capital stock of \$15,000 at Cerulean Springs.

Near Owingsville a frost in the lowlands brighted large quantities of tobacco. This is the first frost in June there since 1859.

The 14-year-old daughter of Robert Guthrie, of Roaring Spring, was badly bitten by a rabid dog. She was taken to Paducah to have the mad stone applied.

Dick Smith, of Missouri, has sold his 50 acre farm in Trigg county to Sheriff Alex Wallace, of Cadiz, for \$2,255. There are fifty acres in the transfer and it lies near Cerulean Springs.

At Washington, Tuesday, the lowest bid for electric wiring the Public building in Paducah and for an addition thereto was \$50,800 of George Moore and sons, of Nashville, work to be finished in fifteen months.

At Central City local capitalists are organizing an electric light company and they say they will have a plant in full operation inside of sixty days.

The Green River News Coming to The Front.

The Green River News, published at Sebree, has been enlarged to a six-column quarto and is showing many evidences of prosperity. Numerous improvements have been made in the paper since Editor W. G. Collins took charge of it eighteen months ago. He is getting up a bright new, clean, reliable newspaper and one that the people of his town and county should their appreciation of by giving it a liberal patronage. The efforts of the publishers should not go unrewarded.

COUNTY SUPERINTENDENTS

Easy Cure

Easy to take and easy to act is that famous Little Pill DeWitt's Little Early Risers. This is due to the fact that they tone the liver instead of purging it. They never grip nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and levers.

Mr. Banks has been trainmaster for the Louisville and Paducah division for several years and until last week his headquarters were at Princeton, when they were removed to Paducah.

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and the inflammation can be taken out and this tube restored to its normal condition, hearing will be restored forever; nine cases out of ten are cured by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

SOUVENIR BUTTONS FREE.

One Given to Every Person Sending in Ten Votes in the School Teachers' Popularity Contest.

Acting on the suggestion of numerous educators of the State, the Kentucky Exhibit Association has determined to give a souvenir button, the regular price of which is \$1, to every person who casts 10 votes in the School Teachers' Popularity Contest, or forms a club of 10 and thereby casts 10 votes.

The plan of the Association to send the 125 most popular teachers in the State—one from every county, two from the county outside of Jefferson, casting the largest number of votes, and five from Louisville, because it has 40,000 school children—to the World's Fair, with all expenses paid, has started off well and gives promise of proving a big success, but as it and the sale of the Souvenir Buttons for the same purpose—raising money to erect the Kentucky building at the exposition—it is natural that the two schemes should be worked together.

Remember then that every 10 votes cast in the contest entitles them to a souvenir button free. Remember, too, that the purchase of a souvenir button may cast 10 votes in the contest without any additional expenditure.

James Campton, a painter of Norfolk, Ill., writes: "I have been subject to painter's colic, while following my trade of painting, for over 10 years so severe at times that physicians would resort to hypodermic injections of morphine to relieve me. I have tried the usual laxatives which took three days to produce effect. While at work in Cave-in-Rock, Ill., recently I suffered from this trouble. One dose of Hill's Specific and one dose cured me in ten minutes and I was able to resume my work. Price 25 cents for sale at all the stores in the country."

Immersing Machine Causes Church Row.

Owingsville, Ky., June 16.—The congregation of a church on Foodem Fork, Rowan county, is having a heated controversy with its pastor over a machine the latter uses for immersing converts.

The apparatus is rigged up at a place on a river bank. A miniature bed is placed on it, the candidate takes a recumbent position, a spring is touched, and the machine glides under the water, and another spring returns it to the bank.

Keep your bowels regular—that is the secret of good health, for when your head swims as you bend over, or your tongue always has a heavy coating, or your back aches, your limbs hurt and ache, you have spots to come and go, before your eyes, and a general feeling of restlessness, then is when you want to take a good brisk cathartic and nothing is any better than Hill's Universal Pills, their record where long continued list of cures. Price 25c, for sale by all patent medicine dealers in the country.

Ladies and Children Invited.

All ladies and children who cannot stand the shocking strain of laxative syrups, cathartics, etc., are invited to try the famous Little Early Risers. They are different from all other pills. They are gentle, pure, system. Even a double dose will not grip, weaken or sicken; many people call them the Easy Pill. W. H. Howell, Houston, Tex., says nothing can be used for constipation, sick headache, etc., but Hill's Little Early Risers. Ind. says all other gripe and sicken, while DeWitt's Little Early Risers do their work well and easy.

Pain's Celery Compound purifies the blood and builds up the nervous system as nothing else can do it. It is pre-eminently the great life-giver and health-maker.

Overworked and tired women stand in urgent need of this health-giving prescription to make and keep them well. All women should take advantage of the remarkable power of this medicine for restoring vigor to the blood and strength to the nervous system.

The all-important thing for nervous, run-down, and sleepless women is that Pain's Celery Compound fortifies the whole physical system, and by correcting digestion and regulating the secretions, keeps the system healthy, strong, and permanently brings back health.

Prof. May M. Myers, Baltimore, Ohio, saved by Pain's Celery Compound after a failure of able physicians, gratefully writes as follows:

"I suffered for eight years with nervous prostration and the general debility common to women, and had such pains in my back that I could not get around the house. I used every remedy and consulted several of the best physicians without obtaining any relief. Pain's Celery Compound restored me to health."

"I also want to say to all mothers that Pain's Celery Compound is a splendid medicine for their children."

Don't put this off, it is important. We cannot have them later than June 15.

More new have died and are buried in the Isthmus of Panama, along the line of the proposed canal, than on any equal amount of territory of the world.

In a recent letter from Fred Edwards who traveled for the Forked Deer Paper Co., of Paducah, Ky., he says: "I was attacked with a very severe headache and securing a box of Hill's Headache Tablets, I obtained immediate relief in neuralgia, nervous effusions, reduce fever and cure any case of nervous headache that ever was in a few minutes. Price 25c for sale by all proprietary medicine dealers in the country."

SUIT BROUGHT TO OPEN PARDON RECORDS.

Louisville Herald Petitions For Mandamus Against State Officials.

Frankfort, Ky., June 15.—Attorneys for the Commercial Press Co., of Louisville, Ky., publishers of The Louisville Herald, filed this morning in the office of the Franklin Circuit Court a petition in mandamus directed against J. C. W. Beckham, Governor, and C. Breck Hill, Secretary of State, to compel the defendants to give access to the pardon and other public records the plaintiffs desired examined and investigated by their local representative, George W. Riley, who was denied the right and privilege a few days ago by Gov. Beckham and Secretary Hill.

It was while engaged in this work that Gov. Beckham interfered and refused the reporter further access to the records, and forcibly ejected him from the Secretary of State's office.

Finley-Burr.

Invitations are out for the marriage of Miss Agnes Haworth Burr, to Mr. Walter Hardie Finley. The wedding takes place on the 30th of June, at 2 o'clock in the home of the father of the bride. It will be a very quiet affair but a few friends being present. Mr. J. W. Mitchell, will officiate.

John Lake a Missionary.

Mr. John Lake, who was the first County Y. M. C. A. Secretary for Hopkins County, and who has been State Secretary of county work department for about four years, has severed his connection with the association for the purpose of going to the foreign mission field.

Wheat Harvest.

The wheat harvest is now on in Hopkins and adjoining counties. A number of farmers began cutting last week, but this week the hum of the binder is pretty general. Reports from the crop are very discouraging. In many sections the wheat has been damaged by rust and everywhere it seems to be inferior. The crop will be an unusually light one in Hopkins county.

A Magnificent Dahlia.

Mrs. A. S. Shelton kindly remembered Tim Bess this week by sending to the publisher the choicest product of her flower garden, for which she has our sincerest thanks. The offering is a magnificent double dahlia of dark, velvety, red color and surprisingly large size. Several persons, who are familiar with flowers have seen this dahlia and say it is the largest and finest specimen they have ever seen. Mr. and Mrs. Shelton have a local reputation for fruits and vegetables and now Mrs. Shelton carries off the palm for flowers.

Picnic and Barbecue.

There will be a picnic and barbecue at Mortons Gap on June 27. A good string band will furnish music for those who wish to dance, a match game of baseball between Mortons Gap and Hopkinsville will be played, and many other attractions.

Married.

Mr. George Leslie Reynolds, formerly a conductor on the L. & N., and now of Trinidad, Colo., was married to that city last week to Miss Annie Nichols. The Trinidad paper in speaking of the occurrence says: "Mr. Reynolds is a very popular young railroad man and his many friends congratulate himself and wife." Earlington friends also extend congratulations and good wishes.

GREAT SUCCESS

Was the Meeting of the Christian Churches at Madisonville.

The reunion of all the Christian Churches in Hopkins county was held at the fair grounds in Madisonville last Sunday and fully 1,000 men, women and children were present. Plenty of food and of the best quality was provided and a general good, sociable time was enjoyed. There were three discourses made during the day, the first by Elder J. H. Hines, pastor of the Christian church at this place, another by Elder W. H. Moore at 2 o'clock, who was followed later on by Elder I. N. Smith. A delightful musical program was arranged and carried out by Jas. R. Rash, of this city. This was one of the most harmonious gatherings ever held in Hopkins county and was thoroughly enjoyed by all present. In future these reunions will be held annually and it is hoped and expected they will grow in interest and attendance.

Notice of Bankruptcy.

In the District Court of the United States, for the Western District of Kentucky, in Bankruptcy. In the matter of Charley Langley, a bankrupt.

On this 10th day of June, A. D. 1902, on considering the petition of the aforesaid bankrupt for discharge, filed on the 6th day of June, A. D. 1902, it is ordered by the court that a hearing be had upon the same on the 27th day of June, A. D. 1902, before said court, at the Federal Court Hall at Louisville, Ky., in said district at 10 o'clock in the forenoon, or as near thereto as practicable, and that notice thereof be published one time in this Bee, a newspaper printed in said district and that all known creditors and other persons in interest may appear at said time and place and show cause, if any they have, why the said said petitioner should not be granted.

WITNESS the Honorable Walter Evans, Judge of said Court, and the seal thereof, at Owensboro, Kentucky, in said district, on the 10th day of June, A. D. 1902.
Thos. Speed, Clerk.
By Dudley Lindsay, Deputy Clerk.

Wanted.

We would like to ask, through the columns of your paper, if there is any dog that has used Green's August Flower for cure of indigestion, dyspepsia, and Liver Troubles and has not been cured, and we also mean their results, such as sour stomach, fermentation of food, habitually constipated bowels, flatulency, headache, dependent feeling, sleeplessness—in fact any ailment connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and is a household companion with you and send you one of our books free of cost. If you never tried August Flower, send for one. We have never known of its failing. If so, something more serious is the matter with you. The 25c size has just been introduced this year. Regular size 75 cents. For sale by St. Bernard Drug Store.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the appetite and the animal will be cured, if it is possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the appetite. It cures every malady of stock if taken in time. Secured by the use of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses, mules, cows give more milk. Hogs gain flesh. And benefit more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

LOCOMOTIVE BLASTS

Two private coaches, occupied by General Mgr. Spencer and other officials of the Southern Railway are said to have been caught in the flood at East St. Louis last week and the officials escaped on rafts.

The L. & N. car inspectors and oilers at the round house at this place have had their wages increased 10 per cent, taking effect the first day of June. This increase was brought about through the efforts of Foreman L. H. O'Brien.

Dispatcher Griffin is slightly ahead in the voting contest at the handsonest man on the Henderson Division. Mr. Griffin received sixty votes from a friend in Texas this week.

Mr. W. W. Watts, who was married to Miss Noeren Vannosen, of near Princeton, Ky., a short time ago, will make Earlington his home in future.

The end of June will soon be here and the voting contest will close. Now is the time for the friends of the candidates to hustle.

Operator Elliott, who formerly worked at this place, is the proud father of a bouncing baby girl, born this week near Mortons Gap.

Jacob Lutz, the popular clerk in the car department at Howell, made a trip to St. Louis, Mo., recently.

Howell shops is now sending some of their old machinery to Southern shops in order to make room for the new and improved machines being installed.

Brakenham J. W. Millsbaugh of the Shawneetown Branch while going to the pilot of engine 1033 last Wednesday in some manner lost his foothold and fell to the ground, bruising himself up slightly.

Eugene Kelly, formerly a painter at Howell, is now working for the Washburn Railroad at Springfield, Ill., in the same capacity, under Master Mechanic C. H. Doebler.

Though incredulous it may seem it is nevertheless a fact that since the small engines have been taken away from the Henderson and St. Louis Divisions and replaced with large engines, the consumption of coal has been considerably reduced.

Switchman Cogswell of Howell yard had his thumb mashed last Thursday while stacking a car of lumber that had shifted. Master of Trains Kemper had a class of five from before him the other day for examination on transportation rules. The entire class passed satisfactorily.

The literary fellows of the Henderson Division are writing a book, and one full of humor, too, which is to be dedicated to Engineer J. L. Starke. The manuscript is now passing from one writer to another, each adding a chapter. When the last chapter has been written the book will be submitted to Mr. Starke for examination and endorsement before being published.

Engines 644 and 646 were sent away last week for service on the First Division. Engine 625 and 649 were sent to the N. & O.

F. O. Walsh, master mechanic of the Atlanta & West Point Ry., Montgomery, Ala., went to St. Louis, Mo., Wednesday, the 10th, to see about some new cars that had been purchased by that road. Mrs. Walsh and son accompanied him as far as Howell, where they will spend a few weeks with Mr. and Mrs. Thos. Walsh.

Engineer W. R. Crowder and family, of Howell, spent a few days in Nashville last week.

Thomas Walsh left Monday for Saratoga Springs, N. Y., where he will attend the convention of the Master Mechanics and Master Car Builders' Association. He was accompanied by his two sons, W. C. and F. O. He will return about July 1st.

At a meeting of the stockholders of the Great Western Gold Company at St. Louis, Mo., on the first of the month, Mr. Thos. Walsh was elected as one of the directors of that company. As there are a good many stockholders on these divisions, the boys are glad to know that one of the officers of a concern in which they have great hope is in their midst.

That you cannot keep a good man down has again demonstrated itself in the promotion of Erwin Jones from agent at Guthrie to general yard master at Howell. May you continue to climb higher, Mr. Jones, is our wish.

The engineers on the St. Louis Division had a good, long rest during the high water at St. Louis.

The Henderson Route has just issued a new and handsome folder and time card that would be a credit to a great trunk line. But the passenger department of the busy and enterprising Henderson Route is up with the times always, if their railroad is not a million miles long.

Something at Pembroke seems to attract Operator Blane's attention quite often.

All the regular operators at Guthrie are on sick list. Four new men there.

Miss Stella Sanders and father, of Covington, Ky., are visiting Operator Sanders this week.

Prince Peter the First Unanimously
Elected King of Serbia. The
First in the 19th Century.

Belgrade, June 16.—With scarcely the excitement which marks an ordinary day in the capital, Serbia has instituted a new dynasty. Within less than two hours from the time of meeting in the wing of the royal palace, where King Alexander and Queen Draga were assassinated, the senate and the akupshina. In that session, had solemnly and with due formality elected Prince Peter Karageorgevitch king of Serbia, and had notified him by telegraph of the fact. The formal motion that Prince Karageorgevitch be elected king of Serbia was moved by a radical deputy named Neesches, who was attired in the national costume. Each member was then called by name and rose quietly from his seat and gave his vote for "Peter Karageorgevitch." There was absolute unanimity, no other name but that of Prince Karageorgevitch being pronounced. The result was greeted with loud cheers, and then the minister of justice, M. Schinkovitch, hastened to the balcony overlooking the street and announced to the people: "Peter, the first, of the dynasty of the Karageorgevitchs, is your new king. You are congratulated upon the unanimous vote of your representatives."

Prince Peter Accepts.

Geneva, June 16.—Prince Peter Karageorgevitch has telegraphed his acceptance of the throne. The king Peter also telegraphed to the emperors of Russia and Austria and to the king of Italy, announcing his election, and adding that he hoped to work for the good of Serbia.

CONDITIONS BAD IN TOPEKA

Four Hundred Tents Set to Provide
Shelter for Flood Sufferers Who
Are Without Homes.

Topeka, Kas., June 16.—Four hundred tents arrived from Fort Riley, Monday, for the Topeka flood sufferers. They will be placed in position here under the direction of Lieut. Cowles, of Fort Riley. This action was made necessary by the miserable sanitary condition of North Topeka and was the only means of preventing an epidemic of sickness. The tent city will be located on a high spot of ground near the west of town where the sanitary conditions are of the best.

More relief is being received for the flood sufferers as a result of the night sent out by Gov. Bailey Saturday night. Conditions here are bad, and the estimates of the total losses grow larger every day.

SAILING OVER RACE COURSES.

Santos Dumont and Other Airship
Men Add to Spectacular Scenes
at Longchamps.

Paris, June 15.—During the racing at Longchamps, Sunday, M. Santos Dumont, in his airship No. 9, sailed over the course and went through a variety of maneuvers which evoked great enthusiasm from the crowd. The passage of two other balloons over the Longchamps race course at the same time added to the originality of the scene. M. Santos Dumont finally descended, unaided, in the center of the course, where a great ovation was given him. He then ascended, and after executing a series of maneuvers, sailed away in the direction of Bagatelle. A curious coincidence during the presence of the Santos Dumont No. 9 was the winning of two races by horses named after the racing card.

THE FLOOD'S FURY SPENT.

The Situation in East St. Louis and Vicinity Improving, But a Gigantic Task Remains.

St. Louis, June 13.—The flood has at last spent its fury against cities on the Mississippi. The river in the vicinity of St. Louis and passed or toward the city. Forecaster Bowie's prediction Friday-night was that the river would fall one foot by Saturday. His forecast is proving true, and the fall continues steadily. At Hannibal the river has fallen more than one foot in the last 24 hours, and at Hermit the Missouri river has fallen more than two feet in 24 hours.

The situation has been greatly relieved in East St. Louis, but the gigantic task of feeding and clothing refugees now squarely confronts relief committees. President A. K. Keeler of the East St. Louis committee says that the greatest need now is to get reports of the refugees in East St. Louis, so that they can be reached. Blankets and clothing are being distributed in boats to those who are in need. Food is on hand in plenty for present needs, but more will be needed soon. Money is needed to buy many things that have been overlooked in the contributions and to provide transportation for persons wishing to go to their homes after losing all their personal property.

AN APPEAL FOR AID.

Mayor Cook of East St. Louis Issues an Appeal for Aid.

St. Louis, June 13.—Mayor Cook of East St. Louis has issued the following appeal in behalf of the flood sufferers in the city:

"The want and suffering caused by the flood in East St. Louis have assumed proportions too great for the citizens to successfully relieve without outside assistance.

"Our citizens are now making money, both in financial contributions and the gratuitous rendering of personal aid.

"Notwithstanding their tireless efforts and liberality, there remains much to be done, and for a time, the want will grow greater.

"In view of our great need, we appeal to the generosity of the public for succor.

"SILAS COOK, Mayor.

"A. L. KEEFER.

"Contributions may be sent to the committee for St. Louis, J. G. Van Riper, president Illinois State Trust Co., or Thomas L. Hackett, vice-president First National bank, East St. Louis, Ill."

THE FLOOD'S RECORD.

The Mississippi River at St. Louis Rose Steadily From Ten Days.

St. Louis, June 13.—Following is the flood record at this point since June 1:

June 1, 11 a. m.	27.8 feet
June 2, 11 a. m.	28.0 feet
June 3, 11 a. m.	31.1 feet
June 4, 11 a. m.	32.1 feet
June 5, 11 a. m.	32.5 feet
June 6, 11 a. m.	34.9 feet
June 7, 11 a. m.	36.2 feet
June 8, 11 a. m.	37.5 feet
June 9, 11 a. m.	37.4 feet
June 10, 11 a. m.	37.0 feet
June 10, 7 p. m.	38.0 feet
June 11, 11 a. m.	37.9 feet
June 12, 11 a. m.	37.7 feet

The flood at St. Louis is predicted by Saturday morning.

FLOODS IN NEW MEXICO.

The Rio Grande, Chama, Pecos and other Rivers overflowing.

San Antonio, N. M., June 13.—Flood conditions prevail throughout northern and central New Mexico. The Rio Grande is flooding the lowlands, and settlers are taking to the high grounds for safety. The bridge at Alvarado has been swept away. No trains from the east have entered the city for the past 48 hours. The Santa Fe railway had to suspend track laying, as the water on the Espanolas plains is even with the top of the high grade. Rain is still falling, and this with the melting snow, will cause a further rise of the Rio Grande, Chama, Pecos and other rivers.

ARRIVAL OF SHAMROCK III.

Sir Thomas Lipton's Third Challenger for the America's Cup Arrives After a Rough Passage.

New York, June 13.—Safe and sound after a rough passage from Gourock, Scotland, at 16 days and 20 hours, Sir Thomas Lipton's latest challenger for the America's cup, the Shamrock III, is now lying at anchor off Tompkinsville, N. Y., where she arrived at 10:30 Sunday morning. The Shamrock was a steam yacht Erin that had towed her way across the Atlantic, and by the Shamrock I, towed by the British tug Centurion, the cruiser which manned the yacht and her convicts are all well, and there were no accidents to mar the passage.

Between Gourock and Papez, where the steamers stopped for coal, calms and squally weather were encountered. The Erin and her tow became separated from the cruiser and Shamrock I. before reaching Papez, but they never lost sight of each other after leaving there. On June 13 the yacht was caught in a gale from the southeast, and while it blew very hard and a heavy sea was running, the little vessel was shipped no damage was done.

Kentucky and the Vice Presidency.

The Vice Presidency of the United States has been held by some of the most eminent men in this country's history. New York has been the birthplace of seven Vice Presidents, Virginia, New Jersey, North Carolina, Vermont and Massachusetts of two each, Pennsylvania, South Carolina, Maine and Ohio of one each. Kentucky has supplied the Nation with three, all men of high distinction and ability, and is prepared to give a fourth quite as distinguished and able as the ablest of his predecessors in the office. Richard M. Johnson, of Kentucky, was Vice President from 1837 to 1841; John C. Breckinridge from 1857 to 1861, and Adlai E. Stevenson, a native of Christian county, from 1893 to 1897. John W. Yerkes can bring to the Vice Presidential office qualities fully equal to the position which so many eminent Americans have adorned.

No fewer than eight Vice Presidents have become Presidents of the United States—John Adams, Thomas Jefferson and Martin Van Buren by direct popular election, and five others by the death of the President before the completion of his term.

While Kentucky has given the country three Vice Presidents, she has also had her greatest son, Abraham Lincoln, honored with the National Chief Magistracy, while another, Jefferson Davis, was the only President of the Southern Confederacy.

If elected to the Vice Presidency in 1904 John W. Yerkes, of Kentucky, would, as every Kentuckian who knows him is certain, so discharge his duties as to place the Young South, which he typifies so nobly, in line for the Presidency in 1908.—Louisville Herald.

As one looks about where women gather in these June days he sees that the fashionable hats are adorned with blossoms. Meanwhile the birds sing songs of rejoicing in the trees.

To Teach Indians How to Cook.

The appointment of Miss Clara Ranclose, a local culinary expert, to teach cooking in the Indian school at Rapid City, Kas., is significant that the Government has at last recognized cookery as a civilizing agency. Science has long proclaimed that a man is what he eats, and the Indian is a living example as the truth of this proposition. He is tough and gory like his own underdone meats, and it is for Miss Ranclose and other cooks to make him as mild and gentle as a patent breakfast food. But it is not the Indian alone who needs reform by culinary means. That horde of so-called civilized beings who daily congregate a "quick lunch" counters are fast developing, under the barbarous nourishment they receive, traits as savage and cruel as those of the aborigines. Government should take this class also under its wing and see to it that they are provided with the proper sort of food. Else we will degenerate and exchange places with poor Lo, who will have evolved into a higher type upon the victuals furnished him by the Government cooks.—St. Louis Globe Democrat.

OFFICIAL CALL

For the Republican Mass Convention of Hopkins County.

Pursuant to the official call of the Republican State Central Committee, a mass convention of the Republicans of Hopkins county, Ky., is hereby called to meet at the court house in Madisonville, Ky., on Saturday, July 11, 1903, at 2 o'clock p. m., to select delegates to the Republican State convention to be held at Louisville, Ky., on Wednesday, July 15, 1903, and to transact such other business as shall properly come before such convention. RAILROAD MEN'S VOTING CONTEST.

THE BEE is getting up a voting contest for the handsomest and the ugliest railroad man on the Henderson Division. Each new subscriber or each old subscriber who pays \$1 for The Bee for one year is entitled to 10 votes for either one. There will be two prizes. The first will be a handsome picture, of W. F. Sheridan, 25 by 40, worth \$15. The second prize will be a handsomely bound volume of Tennyson's complete works, also worth \$5. Anyone who is now or may become a subscriber to THE BEE is entitled to 10 votes for each dollar paid in. The contest will close June 30, and the result of the voting will be made public from time to time in THE BEE. Send in your subscriptions this week and begin voting for your favorite by cutting out the blank votes published in each issue.

MID-SUMMER RAILROAD EDITION.

The Bee Will Issue Illustrated Number Devoted to Henderson Division L. & N.

INTERESTING HISTORIC DATA WILL BE PUBLISHED FOR FIRST TIME.

THE BEE's special mid-summer railroad edition will be one of the best railroad papers ever issued in Kentucky. In addition to the personal write-ups of the railroad men of the Henderson Division and their half-tone cuts, it will contain views of important railroad buildings along the line, such as the new passenger station at Evansville, the round-houses at Howell and Earlington, the depot at Earlington and other places and views of passenger and freight trains. A complete history of the Henderson Division from the time it was surveyed up to the present time, the changes it has undergone and a great deal of interesting railroad data will be given in this edition.

A great many of the men on the division have already subscribed for copies of the mid-summer edition and others are subscribing every day. We wish to make this a thoroughly creditable special edition of THE BEE and want the co-operation of every railroad man on the Henderson Division. It is gotten up in their interest and benefit, and consequently should receive their liberal patronage.

W. F. Sheridan, our recent train master said before he left for Mexico that a railroad paper of this character was worth \$5 to any H. D. railroad man now and in the course of time would be worth \$50, on account of the personal write-ups of the men if nothing else.

All of the dispatchers, including the chief, several conductors, engineers, firemen and brakemen have already signed contracts for copies of the edition. Foreman L. H. O'Brien is a subscriber, as is also Mr. Walsh and Supt. Jno. W. Logsdon, of Evansville. We want every employee of the H. D. to get this edition of THE BEE and feel sure it is well worth the price asked.

Emerson advised people to nitpick their wagons to a star. A Chicago millionaire has translated this advice into colloquial English and added to it. He says, "You can't aim too high—but be sure to pull the trigger before you get wabbly."
